Princeton, NJ 08542

We have audited the accompanying statement of financial position of **CHRISTIAN UNION, INC.** (a nonprofit organization) as of June 30, 2012, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from **CHRISTIAN UNION, INC.**'s 2011 financial statements and, in our report dated October 10, 2011, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **CHRISTIAN UNION, INC.** as of June 30, 2012, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to the Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Christian Union, Inc. is a non-profit Christian ministry dedicated to advancing the kingdom of Jesus Christ in the Ivy League, which is comprised of Brown, Columbia, Cornell, Dartmouth, Harvard, Princeton, University of Pennsylvania and Yale. The ministry focuses on students, parents of students, university staff and faculty, alumni and people in the surrounding community. Their mission is to bring sweeping spiritual change and virality to these university communities.

Basis of Presentation

Financial Statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-for-Profit Organizations." Under SFAS No. 117, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Contributions

Christian Union, Inc. has adopted SFAS No. 116 "Accounting for Contributions Received and Contributions Made." In accordance with SFAS No.116, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor's restrictions. Under SFAS No. 116, such contributions are required to be reported as temporarily restricted support and are then reclassified to unrestricted net assets upon expiration of the time or purpose of restriction.

Cash and Cash Equivalents

Christian Union, Inc. considers all highly liquid debt instruments with maturity of three months or less from the date of purchase to be cash equivalents.

Basis of Accounting

The financial statements of **Christian Union, Inc.** are prepared on the accrual basis of accounting.

Inventory

Inventory is stated at cost and consists of books held for resale.

Property and Equipment

Property and equipment is carried at cost. Donated property and/or equipment is capitalized at its fair market value at the date of receipt. Depreciation is computed by the straight-line method over the estimated useful lives of assets. When equipment is sold or otherwise disposed of, the cost and related accumulated depreciation are removed from the respective accounts and the resulting gain or loss is reflected in earnings. Repairs and maintenance which do not extend the useful life of the related assets are expensed as incurred.

	<u>Useful Life</u>
Computers, furniture and equipment	3 - 5 years
Building and improvements	40 years

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Public Support and Revenue

Contributions are generally available for unrestricted use in the related campaign year unless specifically restricted by the donor. Unconditional promises to give are recorded at the time of contribution. Cash collection of the pledge may or may not occur during the year.

Grants and other contributions of cash and other assets are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from temporary restriction.

Contributions of donated noncash assets are recorded at their fair values in the period received as unrestricted revenue.

Allocation of Expenses

Expenses that can be identified as related directly to each individual program are classified in that program. Other expenses are allocated among programs according to management's estimate of the related costs associated with the programs.

Compensated Absences

Christian Union, Inc. has not recognized a liability for compensated absences. Compensated absences occur when employees are entitled to paid vacations, sick days and other time off depending on job classification, length of service, and other factors. It is impracticable to estimate the amount of compensation for future absences and, accordingly, no liability has been recorded in the accompanying financial statements. **Christian Union, Inc.'s** policy is to recognize the costs of compensated absences when paid to employees.

Prior Year Summarized Comparative Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2011, from which the summarized information was derived.
